

Online Donation Module (Customized Forms, Individual or Corporate Donations)

This module is designed to allow you to easily create your own customized web forms. You may activate or disable your forms and make any modifications at any time. You also have control over the choice of fields to be completed, the colours, the images which will appear, as well as the text of the acknowledgement e-mail that will be sent to the donor, along with their tax receipt.

This module is entirely integrated with *ProDon* and all information (donors and transactions) will be imported into *ProDon*. As previously indicated, the *Logilys* and *Optimal Payments* partnership allows for accessible payment processing. Ask us for more details and benefit from our competitive payment processing rates.

Examples of forms:

- volunteer interest application
- annual or major campaigns, in memoriam donations, etc.
- tickets to fundraising events: golf tournaments, gala dinners, etc.
- funding applications

Logilys takes care of the secure web hosting.

The image shows two overlapping screenshots of a web application. The background screenshot is a donation form for a golf tournament. It features a header image of a golf ball on a tee. The form includes a message about the tournament's success, a 'Type of donor' section with 'Personal' and 'Corporate' options, and a 'Personal information' section with fields for country, title, first and last name, address, city, province, postal code, email, home, office, and mobile. Below this is a 'Transaction information' section with a question about a golf cart and a table of items: Golf & dinner (\$500.00), Foursome (\$1,600.00), Dinner only (\$150.00), Sponsorship (\$500.00), and Donation (\$0.00). A 'Total' of \$300.00 is shown at the bottom. The foreground screenshot is a 'Credit Card Payment' page, labeled 'PCI compliant secured zone'. It displays payment details: Payment Number 1-9070, Payment Date August 6, 2013, and Payment Total 300.00 CAD. It also shows profile details for Claude Brochu and a 'Payment Details' section with fields for Card Type, Credit Card Number, Card Expiry (01/2012), and Card Security Code. 'Return' and 'Pay Now' buttons are visible at the bottom.
